- Framework for People with Dementia
- Framework for People with Autism

States of
Guernsey

The Magic Table

The Tovertafel is a Dutch invention, featuring colourful moving images and games. People with dementia can interact with it and use it to socialize with other people. Dementia friendly Guernsey in partnership with the Guilles Allez Library launched one in Guernsey in March. It is available for use by individuals and groups, including care homes, at La Nouvelle Maritaine community library.

Let's Talk about Equality

The Equality Guernsey Group introduced its series of presentations about Equality Inclusion and Diversity with an Introduction breakfast followed by an interesting talk on Human Rights.

The Walkers Employment Team gave their first talk to Guernsey employers and States of Guernsey HR staff about Human Rights and Equality.

And in case it rains...

The Traffic and Highways Department have made improvements including a new bus shelter at Roque Poisson bus shelter (see photo) and new blister paving at Rue du Pre.

The changes to Market Street, including new level walking surface, 2 accessible parking spaces and safer road layout, are progressing well and should be completed shortly.

Visit by the Access Review Team

Two members of the surveying team from accessAble visited Guernsey for their annual trip. They reviewed a number of new venues, the information will be available on the website and the new phone app shortly. They also took the opportunity to review changes to venues that are already on the website. (Pictured are Paul Bryan from accessAble and Gill Evans, Disability Officer)

New Characters

Let me introduce you to Sally and Bob. They are going to ask us to think differently about disability. Follow their story on social media shortly.

inclusion impairment
society ability opportunity
awareness **Guernsey** disability
rights accessibility
